FAD Counseling Services, LLC (FADCS) is a behavioral health agency and DUI School (#10186) located in Washington, Georgia. Our mission is to provide affordable and quality behavioral health services to residents of Georgia.

We achieve our mission by precisely assisting clients with identification of the causes or sustainer of their issues and ways they may lessen the negative effects of them and/or eliminate them.

We provide individual, couples, family and/or group counseling to every age group.

At FADCS, clients are valued and will receive prompt and confidential services with a smile.

DUI School

We offer several of the DUI/Risk Reduction related services needed for license reinstatement:

- Weekend Defensive Driving Course
- Weekend DUI School
- Clinical Evaluation
- ASAM Level I Substance Use Treatment

Upcoming DUI School Dates

- May 2-4; 16-18;
- Jun 13-15; 27-29;

Changes @ GA DDS

SB 298: If signed by the Governor of GA, this bill will go into effect 7/1/14.

DUI offenders have to complete DUI School within 120 days after conviction. Failure to complete such program within 120 days shall be contempt of court and shall be punished by a fine of not more than \$300.00 or 20 days imprisonment, or both.

DUI School tuition goes up a total of \$63 (292+63= \$355, if the cost for the book does not increase).

Reinstatement fees are \$200 for all DUI's, not \$300 for MO and \$400 for HV's.

Defensive Driving class is going up to \$95.

FYI

We have an open door policy at FADCS. So that we may better address your needs, feel free to ask questions and/or give suggestions that may improve services. Please let us know if you would like to be added to our mailing list for updates or the monthly newsletter.

Substance Abuse

We are accepting clients for our **ASAM Level I Outpatient Substance Abuse Treatment Program**. This program will operate as an open group, where participants enter and/or leave group at various time. Level I outpatient services are designed to treat the individual's level of clinical severity and to help that individual achieve permanent changes in his or her alcohol/drug-using behavior and mental functioning. To accomplish this, services must address major lifestyle, attitudinal, and behavioral issues that have the potential to undermine the goals of treatment or inhibit that individual's ability to cope with major life tasks without the non-medical use of alcohol or other drugs. Treatment is:

- Between 3–9 hours a week
- Based on the Prime Solutions® curriculum
- Includes mandatory random drug screenings (saliva, urine or hair follicle), and/or alcohol breath scans.
- Although not include in treatment time, AA, NA and/or similar program participation is mandatory
